

AISECT GROUP OF UNIVERSITIES (AGU)

Dr. CV Raman University Vaishali (Bihar) (CVRU Vaishali)

This is another premier university of AGU located in rural outskirts of Patna. This University has many faculties like Engineering, Agriculture, Management, Science, Arts etc. Its faculty of Agriculture Science is doing excellent work in research and innovation. In collaboration with Pusa Institute they are working on many projects and have come up with innovative products and services. The University is working jointly with Heritage Society to operate various courses and awareness programmes on the cultural heritage, Buddhist culture and work on Indian knowledge system and Ancient culture. The University is known for its support to Farmer Communities by solving their problems through regular Kisan Gosthi and helps them with the products/processes developed by the University. The University has won many awards and appreciation for their work especially in the field of agriculture and engineering. Dr. Vimal Kumar Sharma is the Vice Chancellor of this prestigious university. For more details - www.cvrubihar.ac.in contact on 06224-245044.

Dr. CV Raman University Khandwa (MP) (CVRU Khd)

Dr. CVRU khd has been established in the rural Nimar belt and works for providing affordable and quality education for rural mass. Its Agriculture and Science Department are quite popular in the entire rural community. 'Happy Harda' is their unique initiative where the University has joined hands with farming community to help them with innovative products, service and research outputs/processes to bring about significant improvement in their farm yield, product quality and general life. Arts and Culture Department is working on development, preservation and popularization of Nimar literature, arts, and culture and holds a flagship annual programme on Nimar Arts and Culture. CSIT, Education and Science departments are also holding many awareness camps learning sessions, and health camps to help the village mass. Dr. Arun Joshi is the Vice Chancellor of this University. For details - www.cvrump.ac.in or contact on 07320-247700.

SCOPE Global Skills University Bhopal (MP) (SGSU Bpl)

This is the first Skill University in the region opened in 2023. It is being prepared to provide quality skills in emerging technologies in addition to the traditional core areas/field. It has collaborated with world renowned companies like Daikin, Lucas, Microsoft, Tata etc who have set up training units within the campus. Collaboration with foreign universities including some worldclass universities of Germany is underway for mutual exchange and skill delivery in emerging fields. Dr. Ajay Bhusan is the Vice Chancellor of this University. For details - www.sgsuniversity.ac.in or contact on 0755-243 2904.

AU, Hazaribagh (Jharkhand)

CVRU, Vaishali (Bihar)

CVRU, Khandwa (M.P.)

SGSU, Bhopal (M.P.)

Established in 1985, AISECT is the parent body of AGU. It is the oldest Network in India, which is pioneer in the field of skill development, distance learning, financial inclusion and e-governance projects. It has 30 thousand plus centers all over India. AISECT entered Higher Education Sector in 2007 with its first private university at Kota (Bilaspur) in CG. At present there are 6 Universities under the fold of AGU. Academics and Research in AGU's constituent universities are being coordinated by two groups/institutes in the advisory capacity. Institute of Training Development and Policy Research (ITDPR) is the apex advisory body for academics related matters and Core Research and Innovation Group (CRIG) for research and innovation related policy matters. AGU has emerged as the leaders in NEP-20 implementation. It set up an in house publishing house and in a short period published over 100 text books in regional languages. It has been amongst firsts to set up skill academies in HEIs, and introducing multidisciplinary research and academic programmes. Some of the high points of AGU are- Universities mostly in rural area and first in the region/state, outcome based curriculum with emphasis on quality, first to introduce skill, multidisciplinary approach, research promotion, funding, entrepreneurship promotion with incubation centre & spokes, sports, campus life and cultural activities of world class, army of Ph.D faculty/scientist/industry experts. Shri Santosh Choubey is the Chairman of AISECT and AGU. For details of AISECT please visit- www.aisect.org

Core Research and Innovation Group (CRIG) Bhopal

CRIG is a unique initiative of AGU- which coordinates research and innovation activities of all the six Universities of AGU. It was established with a seed money of Rs. One Crore to provide internal funding for research activities. With its coordination and guidance, 43 Centers of Research Excellence (CoERs) have been established, in all the universities of AGU, in different fields of their respective expertise eg Energy, Agriculture, Material Science, Rural Technology, Science Communication, Mining, Languages Rural Arts etc. CRIG has funded more than 40 internal projects in the last 5 years. AGU Universities have done 20 externally funded projects, obtained more than 100 patents, published more than 3000 papers in SCOPUS/ Web of Science and UGC Care journals and 200 Books in last 5 years. Two in house quality journals Anusandhan and Shodhaytan are being published regularly for past 12 years. Prof. Vijay Kant Verma is presently heading the CRIG. For details please visit- crig_agu@aisect.org

Institute of Training Development & Policy Research (ITDPR) Bhopal

This institute is another unique initiative of AGU to bring about coordination, synergy, uniformity, excellence and efficiency in academic related matters in all the constituent universities of AGU. FDP, MDP, Consultancy Assignments, Policy Research, External Assignments, Academic Coordination, Syllabus upgradation, NEP-20 implementation, in - house Book Publication and IDP are the focus areas of this Institute. Prof. Amitabh Saxena is currently Executive Director of the Institute. AGU have over 500 academic and research collaborations with organisations, industries and institutes in India and abroad.
